Jackson Lanyon

Software Developer / Test Engineer

0478 045 048 **jlany9@hotmail.com** **South Brisbane**

SKILLS

Pandas NumPy RegExp Git SQLite3 Selenium Katalon

Algorithm Design and Analysis Asynchronous Programming

Agile Development Functional and Object Oriented Programming

Mathematical Concepts (Linear Algebra, Calculus, Vectors, ...)

EXPERIENCE

Business Process Improvement Office (Part time Test Engineering) (Internship)

November 2020 - March 2021 (5 months) QUT Kelvin Grove

While working at QUT's Business Process Improvement Office, I learnt how to work in an ***agile development framework***, using tools like ***Katalon***, ***Git Bash***, **Jira**, etc. It provided me with an amazing opportunity to be a part of an effective team environment, developing key team oriented skills such as using ***Slack***, ***Microsoft Teams*** and a ***collaborative calendar*** as well as engaging in routine **SCRUM meetings**.

Aqseptance Group (Full Time Software Engineer) (Work experience)

June - July 2021 (2 months) Aqseptence Group, Geebung

Aqseptence Group gave me the opportunity to work alongside an engineering team and generate creative ways of re-organising data into more consumable forms. In working at Aqseptence Group I had developed tools and software in **Visual Basic** (Applications), **Python**, **Powershell** and **Power Query**. Packages such as **Pandas**, **Regex** and **NumPy** were heavily used for tasks involving **data extraction**, **csv transformation and reformatting**, **data sorting**, **excel formatting**, etc.
Aqseptence Group is also where I fell a lot more comfortable in **engaging with colleagues and coworkers** in order to achieve **reusable and flexible solutions**.

EDUCATION

Computer Science (Interactive Environments Bachelor)

Queensland University of Technology
2019 - Mid 2023

+ Majoring in Software Technologies
+ Minoring in Advanced Software Technologies and Graphic Design

Queensland Certificate of Education

2018

Information, Digital Media and Technology (Certificate I)

2016

STRENGTHS

Written, Visual and Oral Communication
Committed to Learning
Collaborative and Engaged
Patient and Diligent
Open to experiment
